FirstView ParentView App

First Student will be maintaining the most current transportation information through the FirstView App. The **FirstView**® mobile app helps you to keep track of school buses going to and from school each day. It answers the question, "Where is my bus?"

Parents are strongly encouraged to download the app, choose the Upper Merion Area School District and enter their student's ID number. That Student ID number can be found at the top of the student schedule next to their name. **Transportation details are subject to change through First Student.**
