UMAHS reports weighted and unweighted grade point averages (GPAs) on each student’s transcript. Unweighted GPA is based upon numerical values of A=4, B=3, C=2, D=1 and F=0 for all levels of instruction. A weighted GPA is also calculated for each student by adding bonus points to a student's unweighted GPA for Honors or Advanced Placement courses. Each Honors or Advanced Placement course in which a student has received a grade of "C" or better will award the student 2 bonus points per credit awarded.

UMAHS does not provide numerical class ranking. A distribution of the range of weighted grade point averages for each decile ranking is reported for each graduation class at the end of the 11th grade year. Any institution may request in writing the numerical class rank of any student, if it is required for admission to the school or for scholarship purposes. In this case a numerical class rank will be released using the student's weighted GPA.

ABILITY GROUPING

All required courses and many electives are arranged by level of difficulty. The levels of major courses only are indicated on the transcript as: Honors Level A.P., College Preparatory; Academic and Modified.

Advanced Placement Courses are offered in English, American and Modern European History, Government, Statistics, Calculus, Physics, Chemistry, Biology, Computer Science and Music Theory. 351 AP exams were administered during the 2011-2012 school year. 75% of the students in the AP program earned a 3 and higher on their AP examinations.

CURRICULUM

UMAHS students are offered an extensive curriculum encompassing a wide range of elective courses. Although the minimum required credits for graduation is 23.5 credits, students may acquire up to 28 credits in a seven period day. All Upper Merion students are required to complete the following graduation requirements, including a senior project.

- Electives 5.5
- English 4.0
- Social Studies 3.5
- Science 3.0
- Mathematics 3.0
- Arts & Humanities 2.0
- Health 0.5
- Teenage Issues 0.5
- Computers 0.5
- Physical Education 1.0

GRADING SYSTEM

Courses are graded on a A through F basis. The reporting system includes a numerical average for clarification purposes only. Report cards are issued four times during the school year. Grades include A (90-100) Superior; B (80-89) Above Average; C (70-79) Average; D (65-69) Below Average; and F (Below 65) Failing Grade.
